M.S.A.D. #44 Directors' Meeting

The S.A.D. 44 Board of Directors met in regular session in the Telstar Library on Monday evening of this week.

It was the decision of the Directors to inform the Newry Board of Selectmen of their willingness to return the ownership and control of the Raymond C. Foster School and contiguous real estate to the Town of Newry. It is believed that the Newry Selectmen will soon present the issue to the Town's voters to determine if it is their desire to reacquire the property. The school building and real estate was acquired by S.A.D. 44 at its formation in 1965.

The Board formally ratified committee assignments of members of the S.A.D. 44 Board of Directors as made in April following the organization meeting of the Board. (District Policy provides that members of Committees be "elected" to the positions.)

A transfer of funds was authorized from the C.P.S. Energy Project account to pay for the installation of insulation at Crescent Park School to cover the glass blocks and to add insulation in the roof of the same building. The proposed cost of the project is \$14,356 and work is to be completed before the start of the 1984-85 school year.

The resignations of David Girona as a grade four teacher at Woodstock Elementary School, and of Patrick Hemingway as a custodian at the Telstar complex, were accepted. Authorization was granted to post vacancies in the two positions.

The Directors approved transfer requests of two S.A.D. 44 instructors. Mrs. Judith Brown is to transfer from the Telstar Middle School Chapter 1/regular classroom position to the Resource Room position at the Middle School. Mrs. Terry Merrill will transfer from the Woodstock Elementary School Resource Room position to a grade 4 position at the Woodstock school.

Any action concerning 1984-85 school year appointments of Composite Room teacher at Telstar Regional High School and a Composite Room instructional aide at the Telstar complex was tabled until the Aug. 27 Board meeting.

Mrs. Sandra Cohen of Andover was approved as a part-time (five one-half days per week) Resource Room teacher for the 1984-85 year at Ethel Bisbee School. Mrs. Cohen at one time was an elementary teacher in the District, at the Woodstock Elementary School.

Mrs. Marilyn M. Ackley was approved as a teacher of English at Telstar Regional High School for the 1984-85 school year. She has a B.A. in English from the University of Washington, and an M.A. from the same institution in drama—design emphasis. From 1975 to 1983 she was director of Alumni Affairs at Hebron Academy, and from 1976 to 1981 was responsible for all Academy fund-raising.

Donna Folsom was approved as part-time secretary at Telstar Regional High School. She is also part-time secretary for Special Education.

The Directors appointed the following coaches for the fall season: High School—Robert Remington, head soccer; Sally Hamon, head field hockey; John Applin, cross

HUNDREDS ATTEND FIFTH ANNUAL SUDBURY CANADA DAYS

Despite overcast skies and high humidity hundreds attended the varied activities presented during the fifth annual Sudbury Canada Days sponsored by the Bethel Historical Society with activities centered on the grounds of the Dr. Moses Mason House. Events focused on "old-time pastimes" and included many traditional activities. Sudbury Canada was the original name of Bethel and the annual event is held each August as the Society's summer heritage festival.

Activities commenced on Saturday with the annual children's parade on the Common led by drummer David Kersey, under the general supervision of Vicki Rackliffe assisted by Cathy Newell and Sarah Craig. The theme this year was "Characters from Mother Goose" and was judged in four categories by Mabel Kennett, Donald Eddy and Alvin Barth. Winners included "Prettiest", first, Kate Nickerson, as Little Bo Peep; second, Jessica Coolidge, as Mistress Mary; third, Amanda Gilbert as Mary, Mary, Most Authentic; first, Annelliese and Caitlin Bass, as Peter, Peter; second, Beth and Adam Craig as Jack and Jill; third, Victoria Coolidge, as Boy Blue. "Funnest", first, Jacob Bartholomew, as Ten O'Clock Scholar; second, Ali and Adam Waleik, as Little Miss Muffet and the Spider; third, Catharine Wright, as Wee Willie Winkie. "Judge's

Maine Department of Transportation crews will continue this year's chemical spraying of the state's roadsides to improve motorists' visibility at intersections, railroad crossings, school bus stops, curves and driveways. Bethel is listed among Oxford County communities to receive treatment this August.

According to MDOT Landscape Architect Clyde D. Walton, chemicals are more effective and less costly than mechanical brush cutting. Chemicals will be of three different types: 1) Banvel 4WS, Garlon 4 and water; 2) Krenite and water; or 3) Roundup and water. All have been approved by the EPA and Maine Board of Pesticides Control. Truck-mounted signs will state the generic name of the herbicide being applied, Walton said.

The Board of Selectmen will meet at 5 p. m., Monday, Aug. 20, in the Town Office Meeting Room to act on an application from Brian and Sandra Strickland d/b/a R.F.D. #1 Restaurant for liquor license renewal. Twice-monthly meetings will resume on Sept. 4.

OXFORD COUNTY COUNCIL MEETING AT BETHEL, AUG. 21

County Chairman Dennis Gray of Paris conducted the meeting of the County group—recognizing candidates present including State Rep. Jeff Mills, Rep. Francis Per-

WEST BETHEL Children's Center

Excitement began the first thing on Monday morning when teacher Martha decided to check out the playground's new green growth of grass. Looking towards the back of the yard, her gaze was met by that of a mid-sized moose and completely ignored by another one who was nonchalantly nibbling the tops of a few small poplars. Eva Yates, Darnita and John arrived at the Center just in time to witness the pair. Eva told each of her friends who came later than 6:30 a. m. just what she'd seen, telling them how big and strong the moose were.

The theme this week has continued to center around animals. Children have enjoyed making their own collages from pictures they have cut from magazines; stories such as "Baby Animals" and "Go Ask Mr. Bear" have been read; photographs and posters depicting animals in their own habitat have been tacked and taped to the bulletin boards and walls; and a slide presentation of Barbara and Bryce Yates' safari is scheduled for this week. On Thursday the staff and children will take a trip to the Rumford Wild Animal Farm.

A swim at Songo Pond was nearly rained out on Tuesday, but the group was back at the Center before the deluge of water hit!

The Star of the Week is sweet and perky Katie Chapman, who has recently returned from Australia and lives in Locke Mills.

The Center welcomes back 5-year-old Joshua Morton to the program. Josh will be entering kindergarten in the fall and is Kale's big brother!

Cook Esther is out on vacation for the week, so meals have been prepared by Donna, Martha, Katina, and Darnita. Hurry back, Esther!

Please be reminded that the Center will be closed on Aug. 27 so that the staff may attend a training workshop in Orono.

Katina met with several parents last week to make plans for a public supper to be held on Sept. 1. The menu was planned and a work schedule for the day prepared. Lots of time and effort are going into this, and all help is greatly appreciated — thanks!

Joyce Rich, the Norway Head Start's teacher, has been helping out in the classroom again this week.

Sent in by Viva Whitman:

What muggy, damp weather we have had for the past few days. I, for one, would like to see it rain then clear out and be good again. It's not very good weather for folks who have trouble breathing. It seems as though this summer has been more humid than usual and we really don't need all of it.

Had company the first day of the week as Wynona had to come to Nonway to do some work, so Grandma got to see Courtney. I had been busy making brine for sour pickles as Russell planned to pick cukes during the day. Courtney has a good time up here and isn't much trouble only like all children, she scatters her toys far and wide and one has to watch their step getting around them. After lunch, Wynona, Courtney and I took a trip to Allen Hill where we got some blueberries, so you can guess what I was doing the rest of the afternoon. Got them taken care of though and put up two jars of little cukes for sour pickles, then got ready and went to Bryant Pond to Grange for their open house Music Night. It was a busy day but enjoyed the program at Franklin Grange and had a chance to relax while doing it, so it wasn't such a bad day at all. Even had a little rest before going to Bryant Pond and that helped a lot.

Tuesday night Bear River Grange was to host Pomona so that meant some cooking had to be done. Russell helped me and we got casseroles made in the morning and ready to be heated before leaving in the afternoon. Have you ever had your jaw go out of place? Well, mine has been giving me a heck of a time lately so had to go to the doctors Tuesday afternoon before going to Bethel to help with Pomona supper. Didn't think my casseroles would stay hot while I went to the doctors, but they did as I wrapped them in newspaper as well as towels. We had a good meeting and got home earlier than we had expected to, which was good.

Wasn't too ambitious on Wednesday, but did a little sewing and Russell measured and planned on how to close in the front steps before winter. It is quite a job to figure out how to connect onto a trailer and have things as one wants them. I'm sure Russell will get it figured out in time.

Next day I put up more pickles from little cukes that Russell picked, also a package of broccoli and we had some for the table. The fresh vegetables always taste so good. I was trying to think of something to give my guest officers for Saturday night, so decided to make fudge as most everyone likes that. Also had a few pins that I had crocheted that look like a rose. I decided they could take their pick of the two and that solved that problem for me. Russell was still figuring on the closing in of the steps as well as tending to things in the garden, so we kept busy most of the time.

Got all our clothes dirty with this hot humid weather making us sweat, so had to go wash on Friday.

day, get groceries and do a few other errands. This was in the forenoon. Cooked potatoes for a potato salad for Saturday night and other little things that were necessary, then had a late appointment with the doctor again to see if he could help my jaw again. You know, it's awful when one is so homely their face aches, but that is the case with me right now. Have had the same trouble before and got over it and expect I will this time, if my patience doesn't wear out first.

Did cooking for Grange meeting on Saturday morning. Had invited a lot of folks to come to Past Lecturers and Past Masters night and wanted to be sure no one went hungry at supper time. I'm afraid I had my hopes up too high as I didn't have as many guest officers as I had hoped for, but all went well and we had a good meeting and a good program. There were 18 Past Masters present and 17 Past Lecturers and I know a lot of them had been both, Past Masters and Past Lecturers which pleased my very much. Most of the Lecturers brought something for the program which made it most interesting. Dot Canwell and Dick Felt came from being at the Moses Mason House to help with the program and got there at just the right time. Thanks a lot for coming, friends. We always enjoy the good old toe tapping music they play. Also, Dot and Jeanne Vancour, another nice singer from New Hampshire, sang a lovely duet and then while Dot played, Jeanne sang a solo. Several poems were read and one or two skits were presented to help in the entertainment. Dick Felt auctioned off a pillow for me and he did a great job at that with the help of a few others. All in all, it was a nice meeting and my thanks to everyone who helped me make it a successful night.

Our next meeting will be on Sept. 8, as we will be at South Paris on Aug. 25 for the working of the sixth degree for many who are joining the State Grange. A lot of these people will be joining the National Grange when it meets in Portland in November and have to have the State degree first. Also, on Sept. 22, we hope to see all of our Grange members present at Bear River Grange for installation of the officers for the ensuing year. Please don't forget to come and be installed, ready to take your office and do the best you can.

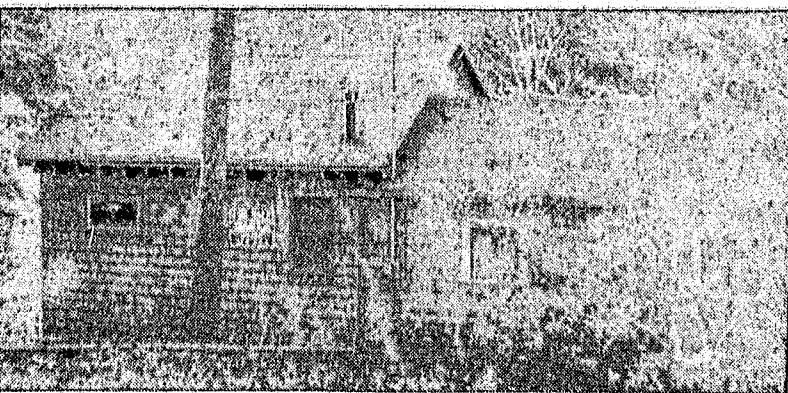

Sunday has been another muggy day and as it was a short night, after being at Grange, neither Russell or I have felt very ambitious. Went to the dump with rubbish, visited our garden at niece Hil-da's place and went to see how Pat and Al were doing on their new home. It will be lovely when finished, but it takes a lot of work to build a home and a lot of time to do all the things like painting etc. They have a lovely view from their place and I envy them that. When we visited our garden, I was astonished to see the squash vines that have grown there. They are higher than my waist and full of blossoms which the bees were working good, so we hope to have some good squashes to freeze for the winter. Russell said he had never grown such squash vines before and if they grow squashes as well as the vines have grown, there should be plenty for the family. Things look good anyway so it gives one better courage. When we started, we didn't expect to have as good a garden as we have. It looked rather grim, but hard work and perseverance have helped us to get things growing good and makes the winter look bright too, knowing we will have some goodies in the freezer to help on those awful grocery bills. I'll bet all the gardeners feel the same way. When the harvest is good, the work you had to do doesn't seem so bad, so hope others have had the same kind of luck that Russell has. I hope the next week will be kinder to us and not be so hot and muggy also. Take care in this kind of weather, especially those of you with breathing problems. It just isn't good breathing weather.

NOTES FROM Evans Notch

White Mountain National Forest

Trail maintenance activities on the Evans Notch Ranger District of the White Mountain National Forest are in full swing. Volunteers, organizations, contractors, and Forest Service personnel are working to accomplish the annual maintenance of the District's 177 mile hiking trail network.

Highlights of this year's effort include the following. The first segment of the "Spruce Hill Trail" has been relocated. The trail now begins at the East Royce Trailhead, just north of the old trailhead on the Evans Notch Highway. The lower segment of the "Blueberry Ridge Trail" has been reconstructed in cooperation with the Appalachian Mountain Club. The "Basin Trail" is scheduled for reconstruction in mid-August. Portions of the "Rainbow Trail" are currently being reconstructed.

Reconstruction and maintenance activities are generally focused on clearing the travelway of blowdowns and brush; providing a safe tread; and protecting soil and water resources.

Current information about the hiking trail network as well as the more popular hikes may be obtained from the District Office in Bethel.

In other District news, campgrounds and picnic areas have been full the last several weekends. Individuals interested in the brush saw contract at the Bean Orchard Wildlife Area are reminded to submit their bid by Aug. 17. Several Decision Notices concerning upcoming timber sale opportunities have been signed recently. Notices for Mt. Hastings, Harriman Brook, and Burnt Hill Brook may be reviewed at the District office. Finally, closure work on salvage sales continues.

The majority of timber sold following the December, 1980 windstorm has been harvested and removed. Roads, landings, and skid

Greenwood City

Mrs. Colista Morgan, Corres.

Everything has its season and every season has its color and life. To know these seasons one must know that the January's wind shapes a snow drift as well as June's dawn greets us with the songs of the birds.

Dog days! They have arrived. At times the sun comes out and it's hot and humid with just a breath of air stirring. Just as quickly it disappears and threatens rain.

Algae is thick on the stagnant water in the bogs and swamps with a steamy smell of rotting vegetation. Mosquitoes, too. I stay away from them!

This week my niece, Colista, took me trout fishing on a beautiful cool stream. I had never been there. We took a road, a rustic road, part way dusty, winding and rough. But a country road has many magic charms to me. It seems to beckon me, as it goes its way under green arched trees. Ahead lay scenic beauty and I watched the mountain as it appeared and disappeared as we traveled.

We came to a bridge that spanned the brook for which we were looking. So the car was parked in a field where the cloud shadows marched. The breeze chose at that moment to stir the leaves that twinkled in the sun.

A narrow path led to the brook so we know others had been there before us at some time.

In a very few minutes we were fishing. Our small fisherman, nine year old, Troy, was the first to make that despairing cry, "Oh, he got away." How often that cry or "I lost him!" echoes through the forlorn literature of anglers.

Our rods twitched with the zest of eternal hope. It was fun again to wade in the coolness, so hard to define and so much fun to cherish.

I was so happy to see and hear the water so peaceful on its way to—where? It was an easy brook to travel with cool dark pools.

Now and then we came to an old dam made with logs and sticks thrown together by high water. Here the pools deepened and a trout lurked in the shadows. Then the pool fanned out beneath the banks.

Troy, a good traveler, was always eager, happy, and elated, but sometimes impatient, which he will lose as he grows more experienced.

Sometimes I sat on a moss covered boulder, looking at the rotting timbers of the dams, the restless surface of a pool, sniffing the damp fragrance of the forest, and heard Colista saying, "Isn't this wonderful."

I knew what she meant and I wish I could explain it, but I hesitate to try: shadows and glimmer on a lonely pool; sky with a castle of white clouds; little river whispering between its banks; wild speckled trout rolling to a woman; quietness, coolness, gravel bars, "slap-slap" of a trout as you released it into your basket; a hum of silence, a sweet warm calm.

Time moved on much too fast. We sat and ate our lunch on the moss among the tall, green ferns, then followed the stream again.

There were signs of lumbering and old tote roads. These seem to always follow water courses or link them together; no longer used by horses but by trucks.

The old, old timers like to tell you, "A tote road begins nowhere and runs into the woods." Maybe today that is almost true but not too far into the yesterday they began in the small towns and ended at lumber camps which they served.

The more I saw of the brook and its surroundings the more impressed I became. I could scarcely believe there were so few alders and such beautiful foliage.

Through fishing meant the walk

AMERICAN LEGION NEWS

Past Post Commanders will be honored at this time with presentation of their membership cards in the Maine Past Commanders Club. Dues in this club are paid by the Post. This money goes toward the James V. Day Scholarship Fund.

back to the car which took us an hour.

We kept to the land this time. There were tiny tracks of fawns and coons. We passed rugged slopes and crossed bridges. Once I caught my foot on a concealed stick and went down. We had a good laugh and went on. We could hear the bubble of the water and once a partridge flew up. We arrived at the field and at the bridge.

"My" Colista had been the best of guides and of help. She mended my basket, aided me where it was slippery or rough going. Troy was a good sport.

Since, I have thought many times of my day on the little river. I find it impossible to account for my special thought about it. For I have traveled many rivers in years gone. What it is just eludes me, so it's futile, to keep on trying to analyze my reaction. I shall leave it all there, like a treasured volume of good reading which I can refer to again and again.

This is Monday morning and the weather remains the same, as it has been for a week.

Doris Hayes attended the reunion of the Tamminen families at the cottage of Ardell and Betty Hayes at North Pond, Norway, on Sunday. Callers at the her home on Saturday were: Ardell Hayes, Auburn; Duane, Scot, Loanne, Joanne, Austin Hayes, West Paris.

Safety Tip of the Week:

Accidents can be avoided. So many injuries are caused by carelessness. Sometimes trying to hurry up a ladder or down the stairs leads to twisted ankles and needless broken bones. Or passing a car to save a few seconds could be avoided by leaving a few minutes earlier or not worrying about being a few minutes late. Remember to go through life with both eyes open, aware of possible causes of accidents, and being able to avoid them.

I wish to thank everyone who sent me cards and flowers during my recent stay in the hospital. Your thoughtfulness is greatly appreciated.

—Eveline B. Vatcher, Corres.—
Blackberries are ripe and sweet and plentiful.

Second coat of hot top was applied on Friday and the road is super, already for racing. The shoulders need a bit of finishing.

Monday night Joe Kalinowski, Mr. and Mrs. Herman Card and Lena Dean had supper with the "Root" Lawrences and then they went to Franklin Grange open meeting and musical night. The musical group played Pennsylvania Polka specially for Joe Kalinowski and the Charlotte Cole danced. Other callers at Lawrences were Mr. and Mrs. Norman Abbott and Jo-Anne, Mr. and Mrs. Kenzie Abbott, Beane, Rhoda Vatcher, Peter and Robin, Mr. and Mrs. Joe Vatcher.

Eveline was glad to read that the antique organ and chairs have been given to the Woodstock Historical Society from the Union Church of South Woodstock. She used to belong to the "Willing Workers" and the church was their meeting place and a lot of good times were held there. Better to give them to the museum than to have some one borrow them.

The Tri Town supper was a huge success and plenty of food. Eveline Vatcher went to Bethel for her two asthma shots Monday.

Doris Lawrence, Ruby Coffin went with Rhoda Vatcher and two other ladies and the West Paris Senior Citizens to Mexico for dinner then on to the Proctor Gardens in Weld. They were beautiful and it was a very hot day Tuesday.

Mrs. Helen Bertholdt, Angela, Jo-Anna, Christopher and Cynthia of Sausalito, Mass., are visiting her mother, Rhoda Vatcher, for several days.

The Ellingwood reunion will be held on Aug. 19 at Irwin and Lila and Howard and Lois Ellingwood's camp at Pleasant Pond, Sumner.

The annual Water Rescue and Picnic was held Aug. 12 at the John Greenleaf camp on Songo Pond. A good time was had by all and our patient, Joel Buckman, was rescued safely. Thanks Joel for being our patient. A good group turned out.

The regular monthly meeting will be held on Sunday night, Aug. 19 at 7 o'clock at the Bus Garage.

If there is a sufficient amount of people an E.M.T. class will be taught in Bethel this fall. Anyone interested please get an application from Arlene Greenleaf, Box 156, Bethel, Maine 04217, tel. 824-2744; or Laura Plawlock, Box 123, Bethel, Maine 04217, tel. 824-2584. A First Responder course is being taught in Rumford this fall. Contact Joanne Lee, Tri County E.M.S., 300 Main St., Lewiston, Maine 04240, tel. 784-0111.

An advanced First Aid Course will be taught in Bethel starting the second or third week in September. Anyone interested contact Cathy Newell, Adult Education, S.A.D. 44, Bethel, Maine 04217, tel. 824-2136; Arlene Greenleaf, Box 156, Bethel, Maine 04217, tel. 824-2744, or Wilber Crowell.

KEEP US IN MIND

It's that time of year when your local Rotary Club must start gathering items for our annual auction. The proceeds of all of our efforts go to support such projects as the Senior Citizen Xmas Dinner, Xmas Food Baskets for the needy, student scholarships, support of the local health facilities, summer camp tuitions, area athletes expenses, disabled individuals needs, etc. If you're cleaning the garage, attic, or cellar, let us get rid of those unneeded items for you. Call Roger Conant (824-2131 or 824-2269) for pickup. Help us with your support of our projects. It's a good feeling!

FROM THE BETHEL AREA HEALTH CENTER

Air Pollution and Lung Disease

I. What is Air Pollution?

Dirt and fumes are constantly added to the air you breathe. Much of that pollution comes from industrial smokestacks and automobiles. Some household products like cleaners, paints, glues and aerosol sprays also pollute your air.

Cigarette smoke is a dangerous indoor pollutant.

II. How does air pollution hurt me?

When dirt lands on your skin, you can wash it off. But when you breathe it into your lungs, they can't get rid of it all. Some dirt stays in your lungs, where it builds up and can cause infections and lung damage.

In polluted air, some gases, such as carbon monoxide, are poisonous and can rob your blood of oxygen. That's one reason you feel worse on days when air pollution is heavy.

III. What can I do about air pollution?

a) Avoid places with very dirty air, such as traffic jams, parking garages, dusty work areas and smoke-filled rooms.

b) Avoid breathing in smoke from cigarettes, pipes and cigars. Ask smokers to respect your need for clean air.

c) Avoid using strong chemicals and aerosol sprays.

d) During smoggy spells, check your radio or television news for air pollution alerts.

IV. What should I do on days when air pollution is heavy?

a) Stay indoors with the windows closed when ever possible. Circulate the air with a fan or air conditioner. Ask your doctor if an air filter or purifier would help you.

b) Relax—avoid hard work and dust-raising activities.

c) Call your doctor if your condition becomes worse or if you feel you need to change the amount of medicine that you're taking.

V. Weather

Damp or hot humid weather makes some people feel worse. And weather that causes air pollution to build up is bad. However, if you live in an area more than 3,500 feet above sea level, moving to a lower altitude may lead to easier breathing.

VI. Cigarettes

Before cigarette smoking became common, chronic bronchitis and emphysema were rare diseases. Now they're among the leading causes of disability in the United States, mostly because of cigarette smoking.

R.F.D. 2, Box 94, Bethel, Maine 04217, tel. 824-2649.

Safety Tip

Police, fire department, traffic emergency repair vehicles and ambulances, when in response to calls, shall have the right of way. On the approach of any such vehicle, from any direction, and when such vehicle is sounding a siren and emitting a flashing light, the driver of every other vehicle shall immediately draw his vehicle as near as practicable to the right hand curb and parallel thereto, clear of any intersection and bring it to a standstill until such public service vehicles have passed.

Last Saturday's meeting of the Woodstock Historical Society was held at the home of General and Mrs. James Alger. It was preceded by the annual picnic, which everyone present seemed to enjoy. NORTHERN OXFORD HEALTH & SERVICE COUNCIL INFANT SAFETY RESTRAINT PROGRAM

Believing that auto safety is a vital aspect of child health, the Northern Oxford Health & Service Council offers an Infant Safety Restraint Loan Program in hopes that baby's first ride will be a safer ride.

The purpose of the Infant Safety Restraint Program is to supplement the education of the parent(s) of infants to the proper use of car restraints and to encourage the use of an approved safety restraint from the first car ride on. The loan program is also an effort to help families of new infants who may be facing large doctor or hospital bills postpone the cost of a car safety restraint until after the first nine months.

Under no conditions will the infant safety restraint loan program exceed nine months. A \$15 deposit is required at the time of loan. A \$5 refund will be made if the car safety restraint is returned in clean and good condition within nine months; a \$10 refund will be given if returned in clean and good condition within six months.

The infant safety restraint program is offered to families within the Health Center's service area which includes Bethel, Gilead, Hanover, Woodstock, Greenwood, Albany, Andover and Newry. You do not have to be a patient of the Health Center to apply.

Personnel at the Bethel Area Health Center have been trained by a certified infant safety restraint trainer to demonstrate the proper use of the infant safety restraint. If interested in participating in the program, please call the Bethel Area Health Center to make an appointment. A nurse will demonstrate the proper use of the infant safety restraint and give you written instructions along with the infant safety restraint. You will be required to make a \$15 deposit and sign a rental agreement and liability release form.

CHRIST IN THE PASSOVER TO BE PRESENTED AT BETHEL GOSPEL CENTER

Christ in the Passover will be presented by Hyam Cohen of Jews for Jesus at the Bethel Gospel Center, Route 28, Bethel, on Wednesday, Aug. 22, at 7 p. m. Everyone is cordially invited to attend.

The purpose of the "Christ in the Passover" presentation is to enhance the Christian understanding of the New Testament by showing a Jewish background for the Communion celebration. Ancient and modern Jewish customs are discussed and described with an emphasis on the aspect of redemption that Christ accomplished at Calvary.

A table is set with the traditional Jewish Passover items, including representative foods which are explained, but not eaten. Members of the Jews for Jesus group have given this demonstration in more than 1,000 different churches. It was originally written in 1956 by Moishe Rosen, the founder and leader of Jews for Jesus. It was abstracted from the writings of the former rabbi, Leopold Cohen, who came to Christ in 1894 and died in 1936.

Rosen contends that some of the most important elements of

Christian doctrine, such as the Trinity, the principle of Substitutionary Atonement, and salvation through a personal relationship with the Messiah, are implied in the Seder (Passover feast) as observed by Orthodox Jews even today. The Christ in the Passover demonstration is an abbreviated form of the Seder. Ordinarily, the celebration of the feast takes about four hours to present in the Jewish home.

Many of the elements of the Passover feast are observed by Orthodox Jews today in the same manner that they were in Jesus' time. One important ingredient, however, is missing, inasmuch as the Jewish people of today do not eat the Passover lamb since the destruction of the Temple in Jerusalem in 70 A.D.
